

More Testimonials

When Greg Crick of Greg Crick Motors, Tasmania, was looking for a heavy duty work and play truck for his personal use, he found the Performax Chevrolet Silverado. So impressed by our vehicles, he is now 'importing' them to Tasmania to offer them to his island customers.

So taken with our brand, Greg even rebranded his dealership to Crick performax. Read more of what he has to say - [Click Here](#)

Glad to hear the Bumblebee made it home safely!

The car was critical to the success of the show - it was such a drawcard for our buyers and customers to get excited for Transformers and let down their guard. From the workmen building the site "gawking" at the car, kids, adults - everybody was "wow", wanting to own it.

Thank you for allowing us to borrow it.

Carole and the Hasbro team, Hasbro Australia Limited, Epping NSW 2122.

Received by email 9th March 2011.

Thanks guys! Steve in Parts is great. And my man who sold my car to me .. wow .. great service.

I would also like to thank Performax for their ongoing support and advice since we bought our Silverado in 2008. Thanks for the shirt I am rapt. (Tracey won a Russell Ingall signed Performax polo shirt in our online competition).

Regards

Tracy

Hi Glenn

I just want to take this opportunity to thank you and your staff for the excellent support and help that they have provided to us

over three Chevrolet HD 2500's.

On the service side, Steve and his staff have been absolutely outstanding whenever I have needed technical support. Further, I would like to also compliment Gavin in the Warranty section for his excellent support on my recent air-conditionand and power steering problems.

Glenn, there are absolutely no negatives to your operation and the friendly, co-operative support your team provides, i.e. Frank and Craig out of Spares, Kevin in Sales, Donna at the desk and all the girls in the office. A top class act of which as leader you must be very proud.

Thanking you for providing and supporting such a great product.

Warmest regards,

Paul Moxam, Moxham Pastoral Co, "Highlands", Via Guyra NSW 2365

Response from Conversion Survey Form:

Excellent.

Wouldn't have used you 10 years ago ... wouldn't use anybody else today. Big thanks to Kevin for his service.

Ross Spurling, 08 85561276

Letter received from Gympie Regional Council on 3rd September 2010

Dear Greg & Brian

I write on behalf of the Councillors and residents of our Region to sincerely congratulate you on achieving 21 years in business.

It is pleasing to note that Performax International has become one fo the most respected importers, converters and retailers in Australia. Your outstanding contribution to the economy and growth of our region and investment in the local community is extremely heartening.

Please extend our congratulations to all involved.

Yours faithfully, Craig Manson (Acting Chief Executive Officer) Cr.R.Dyne (Mayor)

On Tuesday 8th March, I had the pleasure of being a customer of your Service Department. I was most impressed with the level of

customer service received. Your service advisor was extremely professional, pleasant and helpful and the technician who worked

on my vehicle was the most professional and efficient I have seen yet.

I can without a doubt say that this was the best customer service and value for money I have ever received from a motor dealership in the Gympie region ... and I can guarantee my return.

A very satisfied "long term" customer.

Many thanks,

Mr Model, Desktop Motors, Gympie Qld 4570
