

## Photo Competition

Grant Harrison of Melbourne Performax is not just Victoria's first and exclusive Performax International agent, he's been 1<sup>st</sup> on many other occasions, especially as a powerboat racing pilot. Grant developed his passion for the sport at an early age and in February 2004 teaming up with his father Keith, became Australia's first ever power boating World Champions. The GP101 team travelled to New Zealand to take on the best Grand Prix Hydroplanes in the World and won the title, also becoming the first team in the Southern Hemisphere to ever win the Grand Prix Hydroplane Championship.

Grant is currently away in New Zealand racing, however, you can catch some great powerboat action on the 4<sup>th</sup> to 5<sup>th</sup> February at the Melton Gold Cup at the Melbourne Reservoir.

If you happen to be at this event on Saturday, 4<sup>th</sup> February, look out for the Melbourne Performax Chevrolet Silverado 'truck'. This is the most powerful towing vehicle in its class available in Australia and favoured by V8 Supercar Drivers such as Jamie Whincup, Russell Ingall and Lee Holdsworth. Jamie towed his 2.3t boat from Queensland to the Murray in Victoria and told us that he had to keep checking in the mirrors to make sure the trailer and boat were still there because he just couldn't feel it at all. Its power is unsurpassed, yet it's surprisingly luxurious, easy to drive and amazingly economical. We recently had an email from one of our customers who reported that despite towing his 3500kg van through the Victorian High Country - so mostly doing hill work - the Silverado only had a fuel consumption of 14.6l/100km!

**Our Special Photo Competition** – Every complete entry wins a cool Performax Beer Cooler and goes into the draw to win a Russell Ingall signed Polo Shirt and Lee Holdsworth signed Cap!
